

InSight

Hours of operation 78h
Number of starts 452
Energy 2.55MWh
Pos. reactive energy 0.01Mvarh

OP

No: 120-0003

Generating Set Serial No.	G0144A/001
Generating Set Model	DN3-AJ330S-5D1
Phases	3
Rated Frequency (Hz)	50
Rated Voltage (V)	400/230
Rated Power (kVA)	330.0
Rated Power (kW)	264.0
Rated Power Factor (pu)	0.8
Rated Current (A)	476.3
Rated Speed (rpm)	1500
Altitude (metres)	152.4
Ambient Temp (deg C)	25
Mass (kg)	2875
Year of manufacture	2007

A close-up photograph of a black, textured engine component, likely a valve cover, with a light-colored, triangular label affixed to it. The label contains technical specifications for valve clearance. The background shows parts of the engine, including a fan and various mechanical components.

SCANIA

Valve clearance cold engine

Inlet: 0.45 mm

Outlet: 0.70 mm
